

UCLA Outreach to Participants, Prospective Participants and the Community (June 9, 2016)

[UCLA Clinical Translational Science Institute](#)
[UCLA Departments, Institutes and Schools](#)
[University of California Los Angeles](#)
[UCLA Office of the Human Research Protection Program](#)
[Other](#)

Below is a partial listing of various UCLA outreach activities for participants and prospective participants in human research.

UCLA Clinical Translational Science Institute

- UCLA Clinical Trials Scientific Institute (CTSI) general information website for [Study Patients and Volunteers](#) regarding translational and clinical research.
- UCLA CTSI [Clinical Trials Guide](#) website for the Community for potential participation in clinical trials and basic clinical trial information.
- The CTSI's [Community Engagement and Research Program](#) (CERP) promotes and sustains research participation in communities. CERP is in the process of developing a series of model Community Centers in Health Education and Translational Research (CC-HEATRs), providing a vehicle for sustained and reliable engagement of communities for the mutual benefit of both communities and researchers.
- The [Clinical & Translational Research Center \(CTRC\)](#) is a state of the art research facility that provides participants a comfortable environment for participation in clinical research studies.

UCLA Departments, Institutes and Schools

- [Semel Institute Opportunities to Participate in Research Studies](#) offers a list of neuroscience and human behavior psychology clinical trial opportunities.
- The [Department of Radiation Oncology](#) offers research protocols for various malignant tumors.
- [UCLA Stroke Center](#) FAST-MAG Community Consult for Waiver of Consent provides information sessions to the community for pre-hospital neuro-protective treatment of stroke trials.

- The [UCLA Center for Health Policy Research](#) website disseminates current community healthcare research outcomes.
- [UCLA Longevity Center](#) enhances and extends productive and healthy life through preeminent research, education and community outreach.
- David Geffen School of Medicine (DGSOM) [Weekly Message Digest](#) website offers clinical research study opportunities.
- [Jonsson Comprehensive Cancer Center \(JCCC\) Clinical Trials](#) website offers various oncology clinical trials for participation.
- [UCLA Center for Research, Education, Training, and Strategic Communication on Minority Health Disparities \(CRETSCMHMD\)](#) mission is the reduction and elimination of physical and mental health disparities in racial and ethnic minority populations.
- [DGSOM Clinical Trials at UCLA](#) offers patients and the community a list of clinical trials in various therapeutic areas.
- [Jules Stein Eye Institute Clinical Trials \(JSEI\)](#) website lists various clinical trials for a variety of eye conditions.
- [***DGSOM Shaping the Future Publication***](#) describes the proposed and current strategies to improve health and healthcare, inclusive of a comprehensive strategic planning process to provide a roadmap for research, community engagement and clinical care.
- [Brain Injury Research Center \(BIRC\)](#) adheres to the research goal of applying knowledge obtained from basic science studies toward understanding the neurobiology of human Traumatic Brain Injury (TBI).
- [Neurosurgery Clinical Trials](#) website lists clinical trials for different neurology tumors.
- [UCLA Dental Clinical Research Center](#) supports a wide range of clinical research projects.
- [Integrated Substance Abuse Program \(ISAP\) Outpatient Clinical Research Center](#) for a range of substance abuse treatment research activities.
- [Center for the Study of Women \(CSW\)](#) fostering of research on gender, sexuality, and women's issues embraces CSW's research projects.
- [UCLA International Research](#) promotes multidisciplinary research and provides platforms, such as conferences and publications, for the dissemination of research findings.

University of California Los Angeles

- [Vital Signs](#) Newsletter highlighting the latest findings in medicine and research.
- [UCLA Health Sciences Media Report](#) includes announcements for new research, healthcare breakthroughs, and clinical trial recruitment.
- [UCLA Health and Medicine News Website](#) consists of news updates in healthcare and new research breakthroughs.
- [UCLA Events Calendar](#) website lists the future healthcare presentation topics.

- [UCLA Health System](#) website lists medical breakthroughs and developments in research.
- [UCLA Invents](#) publication consists of articles on new breakthrough technologies.
- [UCLA Medicine Magazine](#) includes articles on current research projects, healthcare and research breakthroughs.

UCLA OHRPP

- OHRPP [Human Research News](#) is a website consisting of announcements sent to the UCLA research community on IRB related issues, including research participant surveys.
- OHRPP [IRB Survey for Researchers](#) is a vehicle for the research community to provide feedback about the IRB process.
- OHRPP [Program Feedback, Suggestions, Concerns or Complaints](#) provides links for the research community to provide feedback about the HRPP at UCLA.
- OHRPP [Survey Monkey for Participants](#) regarding the quality of the informed consent process.

OTHER

- [Network for Multicultural Research on Health and Healthcare](#) website describes the research project on the impact of diversity on health and health care, and helps devise patient-centered care strategies for diverse populations.
- [Community Research Center in Cancer \(CORICA\)](#) builds community-university partnerships to conduct cancer prevention and control research in underserved communities in Los Angeles and surrounding areas.
- [UCLA-Kaiser Permanente Center for Health Equity](#) conducts community-based participatory intervention research in health promotion and disease prevention to mitigate disparities.
