PPSM-82: Conflict of Interest

I. POLICY SUMMARY
The policy addresses activities by an employee that may be considered a conflict of interest.

II. DEFINITIONS

Exception to Policy: An action that exceeds what is allowable under current policy or that is not expressly provided for under policy. Any such action must be treated as an exception.

Executive Officer: The University President or Chancellor.

Top Business Officer: Executive Vice President–Business Operations for the Office of the President, Vice Chancellor for Administration, or the position responsible for the location’s financial reporting and payroll as designated by the Executive Officer.

III. POLICY TEXT

A. General
An employee shall not engage in any activities which create a conflict of interest between the employee’s assigned functions and any other interest or obligation. Special policies and guidelines are contained in the Conflict of Interest Policy and Compendium of Specialized University Policies, Guidelines, and Regulations Related to...
Conflict of Interest (Business and Finance Bulletin G-39). Listed below are summaries of some of the important policies set forth in the Compendium. Questions or requests for further information should be directed to the Conflict of Interest Coordinator designated by the Chancellor.

B. Performance of University Duties
No one in the service of the University shall devote to private purposes any portion of time due the University nor shall any outside employment interfere with the performance of University duties.

C. Patents
Inventions by an employee are subject to the University patent policy. Each employee is required to sign an agreement to assign inventions and patents to The Regents, except those resulting from permissible consulting activities without use of University resources.

D. Gifts
An employee shall comply with the provisions of state and federal law and University policy governing the acceptance of gifts and gratuities. In addition, University officers and employees must avoid the appearance of favoritism in all of their dealings on behalf of the University. All University officers and employees are expected to act with integrity and good judgment and to recognize that the acceptance of personal gifts from those doing business or seeking to do business with the University, even when lawful, may give rise to legitimate concerns about favoritism depending on the circumstances. If a University officer or employee has any question regarding the propriety of a gift, disclosure of the gift or proposed gift should be made to supervisor or other appropriate University official for a determination of the proper course of action.

E. Financial Conflict of Interest
An employee may not make or participate in the making of a decision if there exists a financial conflict of interest. An employee who has been identified as a "designated official" in the University's Conflict of Interest Codes shall file financial disclosure statements each year.

F. Employee-Vendor Relationships
It is the policy of the University to separate the employee's University and private interest and to safeguard the University and employees from charges of favoritism in acquisition of goods and services. Goods or services shall not be purchased from an employee or near relative of the employee unless there is a specific determination that the goods or services are not available otherwise. University credit, purchasing power, and facilities shall be used for the purchase of goods and services that relate directly to University business and shall not be used to purchase material for individual or non-University activities.
G. Independent Consultants
Proposals from independent consultants shall include the name and University position of any employee who holds a position of director, officer, partner, trustee, manager, or employee in the consultant organization. Selection of the independent consultant shall be made only on the basis of qualifications, resources, experience, needs of the University, and cost to the University. An employee who participates in a decision to select a consulting firm in which the employee holds a position must consider the disqualification requirements of the Political Reform Act of 1974. University policy regarding employee-vendor relationships applies to services as an independent consultant.
