HUMAN RESEARCH NEWS V9, N5: INVESTIGATOR AND RESEARCH PARTICIPANT SURVEY

Date: 2009-04-24

Apr 24, 2009

The Human Research Protection Program (HRPP) has implemented two new surveys to inform our quality improvement activities.

- **Investigator & Research Staff Survey**

Please provide your feedback on your most recent IRB submission. The information will help the HRPP to improve services for you and others in the research community. You may choose to remain anonymous or provide your contact information for follow-up purposes at the end of the survey. Please [click here](#) to link to the survey, which is posted under the **FOR RESEARCHERS** section of the OPRS Human Research home page.

- **Participant Survey**

Research participants' opinions and feedback are important. The Research Participant Survey asks questions about the quality of the Informed Consent Process. Please [click here](#) to link to the survey, which is posted under the **FOR RESEARCH PARTICIPANTS** section of the OPRS Human Research home page. The survey should take about ten minutes to complete.

Please share this information with your research colleagues and with the participants in your studies. Thank you for your feedback.
