1) Survey assessing revised reliance procedures for industry-sponsored multi-site research

OHRPP is seeking input from investigators who have submitted a request to rely on an external IRB in the past six (6) months. We would like to request your feedback on the reliance process and its impact on the management of your industry-sponsored multi-site research. Please consider taking a few minutes to complete this brief survey to help inform our ongoing processes. The survey should take no more than 5 minutes to complete.
